Skills

- Teambuilding  Excellent
- Teamwork  Excellent
- Analytical skills  Excellent
- Preparing reports  Excellent
- Article writing proficiency  Excellent
- Data management  Excellent
- Planning and Coordination  Excellent
- Conference presentation  Excellent

Work History

- **Founder**
PYUA DIJITAL , Ankara, Turkey
Help Steps Mobile App and Project Owner
- **Senior Geophysicist**
TPAO QSI, Ankara, Turkey
 - Use expertly Quantitative Seismic Interpretation methods on All seismic on shore and offshore area in Turkey
 - Used geological knowledge and expertise in SE Turkey to characterize sediment.
 - Compiled data, prepared reports, completed Seismic modeling and created maps with Hampson's Russel and Petrel.
 - Collected, reviewed and interpreted real-time and long-term geological data gleaned from All locations.

2020-01 - Current

2014-12 - 2021-03

2006-12 - 2014-12

Geophysicist

TPAO Process Center, Ankara, Turkey

- Decided on suitable seismic measurements and data processing techniques.
- Prepared accurate reports and performed efficient processing of all seismic areas.
- Created plans and communicated deadlines to ensure projects were completed on time.

2001-09 - 2005-06

2006-09 - 2008-08

Education

Bachelor of Science: Geophysical Engineer

Ankara University - Ankara

M.D.: Seismology

Ankara University - Ankara

Accomplishments

TUBITAK project degree in MD

Article: 3-D imaging of the upper crust beneath the Denizli, Journal of volcanology and geothermal research 211-212

Article Case Study

EAGE Paris 2019, Brittleness computation without density, expended abstract

Technical Article, First Break

Brittleness computation from rock moduli without density
